

AMENDED IN ASSEMBLY APRIL 7, 2014

CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 2471

Introduced by Assembly Member Frazier

February 21, 2014

An act to add Section 7204 to the Public Contract Code, relating to public contracts.

LEGISLATIVE COUNSEL'S DIGEST

AB 2471, as amended, Frazier. Public contracts: change orders.

Existing law contains various provisions relating to contracts by a public entity for the performance of public works of improvement, including provisions for the payment of progress payments and the disbursing and withholding of retention proceeds. Existing law, until January 1, 2016, prohibits progress payments upon state contracts from being made in excess of 100% of the percentage of actual work completed, and authorizes the Department of General Services to withhold not more than 5% of the contract price until final completion and acceptance of the project, except as specified.

This bill would require a public entity, *as defined*, when authorized to order changes or additions in the work in a public works contract awarded to the lowest bidder, to issue a change order promptly, and in no event later than 30 days after the changes or additions are required. The bill ~~would require~~, *would*, if this requirement is not met, *make* the public entity ~~to be~~ liable to the original contractor for payment of the contractor's invoice for the change order or additional work. The bill would require prejudgment interest to accrue on any amount for which the public entity fails to issue a change order promptly or make a payment due pursuant to this bill. *The bill would also authorize an*

original contractor to present to the public entity a request for a change order for extra work performed by a subcontractor, including a lower tier subcontractor. It would also authorize a subcontractor to request that an original contractor present a change order request for extra work directed by the public entity that was performed by the subcontractor or lower tier subcontractor. The bill would require the original contractor to notify the subcontractor as to whether the original contractor presented the request to the public entity, as specified.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
